Information Technology Course Crosswalk				Future Possibilities
1997	**2010**	**4 x 4**	**ATC**	**End of Program Licensure/Certification**
Computer Applications; BCIS; Intro to Computer Maintenance	Principles of Information Technology			
Computer Maintenance I	Computer Maintenance		x	A+, Apple Certified Help Desk Specialist, Certified Computer Service Technician, Certified Network Computer Technician, Cisco
Telecommunication and Networking I; Cabling; and Networking Essentials	Telecommunication and Networking		x	A+, Apple Certified Help Desk Specialist, Certified Computer Service Technician, Certified Network Computer Technician, Cisco
Computer Maintenance ll	Computer Technician		x	A+, Apple Certified Help Desk Specialist, Certified Computer Service Technician, Certified Network Computer Technician, Cisco
Business Computer Programming I	Computer Programming		x	i-Net+Certification, Internet and Computing Core Certification (IC3), Java 2 Fundamentals, Linux+, Microsoft FrontPage, Microsoft Office Specialist, Oracle Certified Database Associate
Business Computer Programming ll	Advanced Computer Programming		x	i-Net+Certification, Internet and Computing Core Certification (IC3), Java 2 Fundamentals, Linux+, Microsoft FrontPage, Microsoft Office Specialist, Oracle Certified Database Associate
Business Image Management & Multimedia	Digital and Interactive Media			
New Course	Web Technologies		x	Certified Internet Webmaster Associate Certification
New Course	Research in Information Technology Solutions			
Fourth Science Recommendation				
Innovative Courses				
Database Fundamentals (Oracle)	Stays innovative			
Database Programming (Oracle)	Stays innovative			
Internetworking I (CISCO)	Stays innovative			
Internetworking II (CISCO)	Stays innovative			
Geographic Information Systems (GIS)	Stays innovative			

Draft 09/2009

Raster Based Geographic Information Systems	Stays innovative			
Spatial Technology and Remote Sen (STRS)	Stays innovative
