

Transportation, Distribution and Logistics Course Crosswalk		Future Possibilities		
1997	2010	4 x 4	ATC	End of Program Licensure/Certification
Aerospace Aviation Technology I	Energy, Power and Transportation Systems			
Aerospace Aviation Technology II	Transportation Systems Management			
Aircraft Mechanics I	Energy, Power and Transportation Systems			
Aircraft Mechanics II	Aircraft Technology			
Aircraft Mechanics III	Advanced Aircraft Technology		x	
Automotive Specialization	Embedded in Energy, Power and Transportation Systems			
Automotive Technician I	Energy, Power and Transportation Systems			
Automotive Technician II	Automotive Technology			
Introduction To Transportation Service Careers	Principles of Transportation, Distribution and Logistics			
Energy, Power and Transportation Systems	Energy, Power and Transportation Systems			
Transportation Service Technician	Energy, Power and Transportation Systems			
Automotive Technician III	Advanced Automotive or Diesel Technology		x	Advanced Engine Performance Specialist Hydraulics Specialist Certification ASE Certifications NATEF Certifications for Automotive Technician
Automotive Collision Repair And Refinishing Technology I	Energy, Power and Transportation Systems			
Automotive Collision Repair And Refinishing Technology II	Collision Repair and Refinishing			
Automotive Collision Repair And Refinishing Technology III	Advanced Collision Repair and Refinishing		x	ASE Collision and Repair and Refinish Certificate I-CAR Certification NATEF Certifications for Automotive Collision
Diesel Mechanics I	Automotive Technology			
Diesel Mechanics II	Advanced Automotive Technology		x	
Diesel Mechanics III	Practicum in Transportation, Distribution and Logistics		x	
Marine Engine Repair I	Small Engine Technology			
Marine Engine Repair II	Advanced Small Engine Technology		x	
Marine Related Occupations	Transportation Systems Management		x	
Small Engine Repair I	Small Engine Technology			
Small Engine Repair II	Advanced Small Engine Technology		x	Outdoor Power Technician
Automotive Technician II	Automotive Technology			
(new course)	Transportation Systems Management		x	Powered Industrial Truck Forklift Operator
(new course)	Logistics, Planning and Management Systems		x	
<b>Fourth Science Recommendation</b>				

<b>Fourth Math Recommendation</b>				
<b>Innovative Courses</b>				
Aerospace Aviation Technology III	Practicum in Transportation, Distribution and Logistics			
Ford And GM Automotive Head Start	Automotive Technology and/or Advanced Automotive Technology			
Small Engine Repair III	Practicum in Transportation, Distribution and Logistics		X	
Truck Driving	Transportation Systems Management			
Transportation Service Technician	Energy, Power and Transportation Systems			
Private Pilot Certification Training I	Transportation Systems Management			
Private Pilot Certification Training II	Practicum in Transportation, Distribution and Logistics			
Introduction To Aviation	Embedded in Energy, Power and Transportation Systems and Principles of Transportation, Distribution and Logistics			
Automotive Service Consultant I	Energy, Power and Transportation Systems			
Automotive Service Consultant II	Practicum in Transportation, Distribution and Logistics
